

## **PRESS RELEASE**

4<sup>th</sup> July 2008

### **APCOA AWARDED CONTRACT TO MANAGE PARKING AT MOOR SHEFFIELD**

APCOA has been awarded the contract to manage the car park facilities at MoorSheffield.

The proposed new 674 space multi-storey car park is included in a site that will boast a 57,000 sq ft new covered market hall, seven new double height retail units ranging in size from 2,550 square foot to 16,900 square foot, and 1,300 student apartments.

The car park itself will comprise a free-standing multi-storey car park with 597 regular car parking spaces, 40 mobility impaired car parking spaces, 31 van parking spaces for market traders and 6 motorbike spaces.

The 2004 MoorSheffield development framework outlined plans for the eventual redevelopment of the whole 29 acre site which could result in some 3 million square foot of retail, office and residential accommodation. The existing retail offer will be significantly enhanced and anchored by Debenhams and the new Indoor Market, for which enabling works are well underway. Innovative designs ensure that the sustainability agenda has been fully addressed.

In addition to the buildings themselves, significant funds have been allocated to fund landscaping and public realm development. Sheffield enjoys high quality public realm and MoorSheffield will be no exception, confirming its position as prime city centre real estate.

### **Notes for the Editor**

APCOA Parking (UK) Ltd is Europe's longest-established and largest full-service parking services contractor, and is known within the parking industry for its many innovations over the years.

In the UK, APCOA employs around 3000 people, and its customer base includes local authorities, town and city councils, airport authorities, rail companies, shopping centres, department stores, NHS trusts, in other words almost all types of organisation which need to supply parking or to enforce parking regulations.

APCOA was the Overall Winner in the 2006 British Parking Awards, whose panel of judges cited its achievement as "...the single most outstanding example of excellence in the UK parking industry during the past year".
